

Every Girl Crazy 'Bout a Well Groomed Man

February 2004

Guy Cartwright and Heath Flock of Truefitt & Hill North America are bringing their amazing-smelling luxury men's grooming line to gents nationwide. Previously, the exclusive products were only stocked at Truefitt & Hill's swanky barbershops, with locations in London, Chicago and Toronto.

We think every man should have toiletries and accessories with such rich history – Truefitt & Hill products were even discovered on the Titanic. Essentials include any of the triple-milled vegetable-based soaps, badger-hair shaving brushes, Carlton MachIII® razors, shaving cream and aftershave balm in Trafalgar, 1805 and other scents.
